- Northallerton

VACCINATIONS & IMMUNISATIONS

We were delighted to provide so many nurses and HCAs with their update training this month. Some of the lovely feedback that we received is below. We will be running these across the patch in September so please keep an eye out for the new dates.

"Excellent speaker kept my attention throughout"

"Much better than previous updates attended"

"This is by far the best vacc & imm update I've attended in the last 15 years! Very interesting & informative - great format + excellent delivery"

PCSE - CAPITA

There have been many changes since PCSE took over the Primary Care support service. Sometimes these changes have been difficult to navigate. We are therefore teaming up with PCSE to help deliver workshops across the YORLMC area which focus on Finance processes and the Performers List. These will be delivered over a lunchtime to help make them accessible to as many people as possible. The workshops will be free and open to all relevant practice staff. Dates will be published soon. Please register your interest by emailing leanne.ashton@yorlmcld.co.uk

GDPR

General Data Protection Regulation comes into force in May 2018. Dilys Jones Associates specialise in Information Governance training for NHS organisations. They are currently delivering a programme on preparing for implementation of GDPR across the country at a cost of £414 per person.

We are pleased to say that we have negotiated a significantly reduced cost of £225** per person for this training for practices in the YORLMC area. This is for sessions that Dilys Jones will be running through YORLMC and we hope to bring them to practices later in the year.

****Expressions of Interest are sought as we can only bring this training at the reduced price if we have sufficient numbers. Please email leanne.ashton@yorlmcld.co.uk**
